### Human food and pets Did you know that...

...for a 10 lb cat, 1 cup of milk equals 4.5 hamburgers, for a 5'4" person?

...for a 20 lb dog, 1 oatmeal cookie equals 1 hamburger, for a 5'4" person?

## Wellness program launching

Our pet wellness program, which aims to improve and lengthen pet life by the early detection and treatment of disease, is also underway. Traditionally, animal hospitals have reminded only for annual vaccines, but these are really an important part of overall wellness, a much broader aim. We are already offering wellness packages for dogs, including bloodwork, urinalysis, x-rays and parasite testing, and similar products for cats should be available in the next few weeks.

### Amazing pets!!

Congratulations to Dylan, a 25 lb cocker spaniel, and his owner, Kathleen Pinckard of Brea. Dylan was recently honored on the front page of the *OC Register* for his services as a therapy dog - a dog who visits for example senior-living residences and cheers the residents, who might otherwise not have many visitors. The *OC Register* article is on proud

display in our waiting room. Tony, pet groomer at Yolinda Animal Hospital who grooms Dylan regularly, said 'Dylan is such a nice, gentle dog - one of my favorites'. *Does your pet do something amazing? Please let us know - we'd love to hear about it.*
